

Credit Card Authorization

**Complete this section if you want electronic payments to be applied to your credit card.
 Please return this form in a sealed envelope.**

I hereby authorize the school and *e~Funds for Schools* to apply payments I have authorized to my credit card. This authorization is to stay in effect until I have notified the school, in writing, to discontinue the electronic payment service and the school has reasonable time to act upon it.

I understand that the credit card payment service is being provided to the school by a third party service provider and that the third party service provider will charge my credit card a "Convenience Fee" for processing each payment I make. I hereby authorize the third party service provider to add their "Convenience Fee" to each payment I authorize. (See Convenience table.)

I understand the third party does not accept American Express credit cards for payment.
